Position Announcement  
(September 2013)

Open Rank Faculty Positions  
Assistant Professor/Associate Professor/Full Professor  
Department of Mechanical Engineering  
University of Maryland, College Park

The Department of Mechanical Engineering at the University of Maryland, College Park, seeks exceptionally qualified candidates to apply for tenure-track and tenured faculty positions to begin in **August 2014** or earlier.

Priority will be given to candidates with expertise in one or more of the following areas: Advanced and Sustainable Manufacturing, Robotics (especially, Medical Robotics and Robotics with ties to Manufacturing), Design Under Uncertainty, Reliability Engineering, Human Reliability, Resilience, and Risk.

Exceptional candidates with expertise outside these areas are also welcome to apply.

Qualifications: Candidates for the rank of **Assistant Professor** should have received or expect to receive their PhD in Mechanical Engineering or a related discipline prior to employment. Additionally, candidates should be creative and adaptable, and have a high potential for both research and teaching. Candidates for the rank of **Associate or Full Professor** should have a distinguished record of research and educational activities as well as a strong funding history.

Additional Information: For best consideration, applications should be submitted by **November 1, 2013**, but the position will remain open until filled. Women and minorities are strongly encouraged to apply. Please apply by uploading the following documents through the UMD employment website at [http://ejobs.umd.edu](http://ejobs.umd.edu), position 105934:

1) Cover Letter  
2) Curriculum Vitae  
3) Research Statement  
4) Teaching Statement  
5) References (minimum of four)

Inquiries may be sent to: mejobs@umd.edu.

The Department of Mechanical Engineering hosts vibrant education and research programs and is currently ranked in the top 25 of all mechanical engineering graduate and undergraduate programs within the United States. The Department’s faculty members maintain active research programs, and teach undergraduate and graduate courses in mechanical engineering and reliability engineering. For further information about the Department, please visit the Department’s website [www.enme.umd.edu](http://www.enme.umd.edu).

**The University of Maryland, College Park, actively subscribes to a policy of equal employment opportunity, and will not discriminate against any employee or applicant because of race, age, sex, color, sexual orientation, physical or mental disability, religion, ancestry or national origin, marital status, genetic information, political affiliation, and gender identity or expression. Minorities and women are encouraged to apply.**
